

Neil Machar's Houben Sale  
6<sup>th</sup> June 2004

Photo's of some of the  
Reference Pigeons.

As you can see, these birds are  
of high quality.

The Cock Birds were quite  
large and had strong  
features, while the Hens  
were smaller, but not to be  
Underestimated.

Below  
Some of the crowd  
which had  
gathered.

The sale was well  
supported with  
bidding quite fast  
and furious at  
times.
