When did you start in Pigeons and how were you introduced?

I started breeding pigeons in 2018, I have liked pigeons since when I was young. In the year of 2018, I decided to buy some white pigeons for small Loft and to make small business, using my white pigeons for weddings and funerals. From this small business in the past year, it has provided me an income.

While breeding my white pigeons I am preparing them by

1. Deworming.
2. Flushing (Cleaning out the Crop)
3. Pro biotic
4. Vitamins

I only have 7 pairs of Stock Birds.

Feeding:

I use Flyer mix and Breeder mix Integra 3000

I also provide my birds with

1. Malunggay powder
2. Oyster shell grits
3. Red stone grits
4. Pro biotic: Molassis, banana, carrots, honey, yakult
5. Oregano leaves and juice

How much do you feed per bird, 1oz per bird etc..

1/4 cup per bird

I feed my birds 2 times a day, and they get a snack time which consists of oyster shells grits

Training:

My birds Loft Fly between 30 mins to 1 hr

Do you use any training methods such as Motivation? Yes widowhood

Medications:

Do you use any natural remedies? Yes

Yes I use oregano leaves or oregano juice, because oregano leaf is a natural or organic antibiotic. Oregano can cure respiratory and internal Problem of pigeons.

Please briefly explain your loft design and layout.

My loft design is very simple because breeding cage also inside my flyer loft

What are the weather conditions in your area?

My weather conditions are very tropical.

What other conditions effect your racing e.g. mountains, Lakes - water etc. Typhoons, Mountains, Ocean & Seas, BIRD CATCHER (using large fish nets to catch the pigeons and some people then ransom the pigeons back to their owners).

Any ideas for the betterment of the Sport of Pigeon racing/Showing?

I believe in the LOVE AND PASSION for our Pigeons.

Thank you to Joel for contributing information about his pigeons.
